

The Racecourse PASS System

To upgrade the arrival experience for owners and their guests and to make the collection of complimentary raceday badges more secure and simple, the PASS (Privileged Access Swipe System) has been revamped.

You should have received a new PASS Card, which **MUST** be used to gain entry and collect complimentary tickets. You should also have received an e-mail with registration details for the new, online services.

If you have any queries, you can get further help via the online Concierge Service, or by contacting pass@weatherbys.co.uk
